UP-DATE 25th Aug 2011

Dave & Rose visited the Holiday Booking Agency and spoke to Suzie, who in turn badgered Thompson's for a minimum increase in the overall cost, which will now be £509.85 per person (plus any single supplement that may have to be paid).

The above represents an *increase of only £12.85 per person*. At the same time, they had to agree to reducing the 6 late rooms made available to 2; this facility for storing of cases, showering and changing etc.

Overall, this was a good outcome as we should have lost half of the original group discount for the original booking of 25 persons (who had their names on the list!) and this would have made the increase much more substantial than the £12.85.
